Subject: FW: DNR

Hi Larry,

Attached, please find the breakdown of DNR owned properties in Clare County. There are a total of 95 parcels equaling approximately 11,642 acres and the dollar amount owed if paid in full would amount to $42,284.56. These have been coming in pro-rated, so County wide we are not receiving that total. We have not received the 2011 DNR (PILT) payments yet, but should mid-February

The breaks that the DNR gets by owning these properties compared to a normal taxpayer are as follows:

- The State sets the value.
- They get a homestead on all properties, in which they do not pay school operating.
- They do not pay special assessments.
- They pro-rate the taxes when they do not have the funds to pay in full.

Other taxes that get pro-rated and are owned by the DNR but are handle differently are Swampland Tax and Commercial Forest Tax. We have been receiving approximately 25-30% less than we should on these as well. That doesn't include what the schools lose. If you need anything else, please let me know.

I hope this helps and good luck!

Thank you,

Jenny Beemer-Fritzinger
Clare County Treasurer
