**Re: HB 5806 -- Support**

Dear Senator Nofs:

On behalf of Jackson College, I am writing you in support of HB 5806. Your consideration is sincerely appreciated.

As our buildings on campus age, many need important upgrades to provide an effective learning environment. These improvements include updating expensive mechanical equipment, HVAC equipment and building envelope upgrades such as windows and roofs. Many of these building infrastructure improvements have life cycles exceeding 20 years.

The new bill would allow us to repurpose more dollars from energy savings that would otherwise be wasted on energy. Capital that would otherwise be needed for these upgrades can be used on other important College needs.

Again, thank you for your consideration. If you have any questions, please feel free to reach out to me at [phelandanielj@jccmi.edu](mailto:phelandanielj@jccmi.edu) or (517) 787-0809.

Thank you so much for your time and all you do!

Sincerely,

Dr. Daniel J. Phelan, Ph.D.  
President
