FOODS & BEVERAGES CERTIFIED (APPROVED) TO MEET SMART SNACKS GUIDELINES (as of 9/2014)
Michigan School Nutrition Programs

How to read this chart: All items listed are certified by Michigan School Nutrition Programs as meeting Smart Snacks criteria. Please note that mistakes can happen with entry and products are changing constantly, so it is still the responsibility of the district to double-check that all foods offered as Smart Snacks meet the criteria - whether by manually checking information against guidelines or re-entering into the Smart Snacks Calculator. Entry is in ABC order - First by brand name, second by Smart Snack type (beverages, then snacks), then by item name. Unapproved items are not included in this list, only approved items.

To find an item, hit CTRL + F and enter key word(s) you're looking for. A list of entries matching that description will be prompted.
