RE: SENATE MEDIA REGISTRATION REQUIREMENTS

The registration of media representatives and technicians is required for access to the Senate floor by Rule 3.901.

In order to cover Senate Sessions or any occasion of business taking place on the Senate floor, a Media Registration Form must be on file with the Senate Sergeant-at Arms.

No filming, photography, or videotaping is permitted from the Senate gallery. Video recording of the voting boards is only allowed during record roll call votes.

If you have not previously registered for credentials with the Michigan Senate, please print out the Media Registration Form and return to the Senate Security Division.
