Sec. 20 Foundation Allowance Calculation	<p>Basic foundation allowance for FY 2016-17 is \$8,229 and the minimum foundation is \$7,511.</p> <p>Unless otherwise stipulated, in years of increases in the foundation allowance, uses the "2x" equity formula, which doubles the increase in the basic foundation for those at the minimum foundation and provides an increase somewhere in between for districts with foundations in between.</p>	<p>Basic foundation allowance for FY 2017-18 is \$8,279, and the minimum is \$7,611.</p> <p>The Governor proposes a \$50 increase for districts at or above the basic, and up to \$100 for districts below the basic (with \$100 provided to those districts at the minimum). This costs roughly \$128,000,000, which is paid under Section 22b.</p> <p>Due to an inflationary cap in Section 1211 of the Revised School Code that was triggered in the previous year, the Governor proposes to roll the prior year's Section 20m calculation for applicable districts into their base foundation allowance funding, to the extent allowable by the current year's inflationary cap (Sec. 20(3)(e)).</p> <p>(6) Reduces cyber schools' foundation allowances by 20%, which would save the State an estimated \$16.0 million, reflected in Sec. 22b.</p>	<p>Basic/Target foundation allowance for FY 2017-18 is \$8,317 and the minimum is \$7,687. In addition, changes "basic" to "target" throughout the bill.</p> <p>Uses \$100.0 million from Section 147a, in addition to the Governor's \$128.0 million, to provide an increase ranging from \$88 to \$176 per pupil.</p> <p>Concurs with Governor.</p> <p>Does not include a reduction to cyber schools.</p>	<p>Increases the foundation allowance by \$100 per pupil across-the-board.
