Total Changes	\$18,779,700
FY 2017-18 Initial Ongoing/One-Time Gross Appropriation	\$1,278,215,000

Boilerplate Changes from FY 2016-17 Year-to-Date:

Items Included by the Senate and House

1. **County Incentive Program.** The Governor recommended the same payment calculation for FY 2017-18 as in FY 2016-17. The Senate and House concurred. (The Senate 1% increase in total revenue sharing payments to counties was built into the line item for County Revenue Sharing.) (Sec. 952(2))
2. **Online Option for Citizen's Guide to Finances.** The Governor added an option for a city, village, township, or county to certify that it is using the Department of Treasury online system for the citizen's guide to its finances instead of submitting a paper copy. The Senate and House concurred. (Sec. 952(3))
3. **Extend Due Date for Accountability and Transparency Reports and Certification.** The Governor extended from December 1 to April 1 the date by which an eligible city, village, township, or county is required to complete its accountability and transparency requirements without forfeiting any payments for which it is eligible. Currently revenue sharing payments are made on the last business day of October, December, February, April, June, and August. A local government must satisfy the accountability and transparency requirements by December 1 or the first day of a subsequent payment month. All eligible local governments receive the first payment which is made prior to the due date for the accountability reports. If the accountability and transparency certifications are not made by December 1 or the first day of any subsequent payment month, the payment for that month (1/6th of the total) is forfeited. Under the Governor's proposal, a local government that did not complete accountability requirements by December 1 but satisfied the requirements by April 1, would be able to receive ("defer" instead of forfeit) its second and third revenue sharing payments in August. The Senate and maintained current law. (Sec. 952(4)(e))

Conference Agreement on Items of Difference

4. **City, Village, and Township Revenue Sharing.** The **Governor** set the amount that an eligible local government can receive at 100% of the eligible payment under Public Act 84 of 2015. The **Senate** established the eligible payment amount at 101% of the eligible payment under Public Act 268 of 2016. The **House** set payments at 100% of the eligible amount under Public Act 268 of 2016, which would result in the same payments as the Governor. **Conference** concurred with House. (Sec. 952(1))
5. **County Revenue Sharing.** The **Governor and House** recommended the same payments in FY 2017-18 as in FY 2016-17. The **Senate** proposed that payments in FY 2017-18 be 101.986% of the payments for which counties are eligible under the Glen Steil State Revenue Sharing Act. This results in a total revenue sharing payment (from both the County Incentive Program and County Revenue Sharing) for which a county is eligible in FY 2017-18 that is 1% greater than the total of those payments in FY 2016-17. **Conference** concurred with the Senate. (Sec. 955)
