

**SENATE FISCAL AGENCY
 MEMORANDUM**

DATE: February 6, 2013
TO: Members of the Michigan Senate
FROM: Elizabeth Pratt, Fiscal Analyst
 David Zin, Chief Economist
RE: Revenue Sharing and Incentive Programs for FY 2012-13

The budget for FY 2012-13 appropriated nearly \$1.1 billion for revenue sharing, incentive payments, and competitive grants for eligible cities, villages, townships, and counties. Constitutional revenue sharing for cities, villages, and townships is the largest portion of this total, with payments estimated at \$713.1 million in FY 2012-13 based on the most recent consensus revenue estimates. The budget added the County Incentive Program to replace a portion of statutory revenue sharing for counties and continued both the Economic Vitality Incentive Program (EVIP) (which replaced statutory revenue sharing for eligible cities, villages, and townships beginning in FY 2011-12) and the Competitive Grant Assistance Program. The appropriations for each of the revenue sharing programs in Public Act 200 of 2012, Article VIII, are summarized in Table 1.

Table 1

Revenue Sharing Appropriations FY 2011-12 and FY 2012-13

Total	\$1,047,504,900	\$1,083,700,000	\$36,195,100	3.5%

^{a)} At the time of budget enactment, constitutional revenue sharing was estimated at \$725,496,300. Based on the January 2013 consensus revenue estimates, revenue sharing is now estimated at \$713,100,000 in FY 2012-13. Note: Includes ongoing and one-time appropriations.

This memo discusses the appropriations for each of the revenue sharing and incentive programs, and includes both a review of the incentive program requirements and payment estimates by local government. Attachment 1 summarizes payments statewide by type of governmental unit and the City of Detroit. Attachment 2 contains estimates of payments in FY 2011-12 and FY 2012-13 for cities, villages, and townships (CVTs). Attachment 3 shows payment estimates for counties.

Constitutional Revenue Sharing

Constitutional Revenue Sharing is the largest revenue sharing program. Pursuant to the requirements of Article IX, Section 10 of the Constitution, 15% of sales tax revenue collected at

a rate of 4% is distributed to cities, villages, and townships on a per-capita basis. The year-to-date estimated appropriation for constitutional revenue sharing is \$713,100,000 in FY 2012-13, based on the revenue estimates made by the January 2013 Consensus Revenue Estimating Conference (CREC). The current estimate is \$12,396,300 under the estimate at the time of budget enactment. Payment estimates will be revised after each CREC and actual payments will be based on sales tax collections during the year.

Competitive Grant Assistance

The Competitive Grant Assistance Program provides grants to cities, villages, townships and counties for costs related to mergers, interlocal agreements, and cooperative efforts. Eligibility for the grants was expanded in FY 2012-13 to add school districts and intermediate school districts that combine operations with a city, village, township, or county, although no project can receive funding under both this program and the similar competitive grant assistance program under the School Aid Act. The FY 2012-13 budget includes \$15.0 million in ongoing appropriations for the Competitive Grant Assistance Program. This is unchanged from the year-to-date FY 2011-12 level, although the FY 2011-12 appropriation comprised a \$5.0 million initial boilerplate allocation from the EVIP and an additional \$10.0 million in supplemental funding from Public Act 236 of 2012.

The EVIP boilerplate provides that the amount available for competitive grant assistance is increased by undistributed funds from the EVIP program. After FY 2011-12 EVIP payments, about \$262,200 was allocated for future awards from the Competitive Grant Assistance Program. The FY 2011-12 grants were awarded in two rounds. The first round awards were announced on January 20, 2012, and totaled \$4.3 million. The second round awards of approximately \$10.5 million were announced on October 23, 2012. Pursuant to boilerplate requirements in Public Act 236, the second round of awards targeted \$5.0 million for projects related to public safety.

The applications for the FY 2012-13 grants were due December 3, 2012. Awards of these funds are anticipated around March 2013.

Economic Vitality Incentive Program Appropriations

The former statutory revenue sharing formula for cities, villages, and townships expired in FY 2006-07. A similar program was authorized annually from FY 2006-07 through FY 2010-11 by appropriations bill boilerplate, then the EVIP replaced non-constitutional revenue sharing for eligible cities, villages, and townships beginning in FY 2011-12. A city, village, or township must have received a statutory revenue sharing payment of more than \$4,500 in FY 2009-10 to be eligible for an EVIP payment. The program pays each eligible local government a percentage of its FY 2009-10 statutory revenue sharing payment based on completion of requirements in three incentive categories: accountability and transparency, consolidation of services, and employment compensation.

The maximum amount each eligible CVT may receive from the EVIP increased in FY 2012-13 to 72.68289% of the FY 2009-10 statutory revenue sharing payment, reflecting the 7.1% increase in appropriations for this program. Table 2 summarizes the changes in appropriations for the EVIP.

Table 2

Total	\$210,000,000	\$225,000,000	\$15,000,000	7.1%
^{a)} This excludes \$5.0 million in FY 2011-12 that was allocated by boilerplate to the Competitive Grant Assistance Program, known in FY 2011-12 as the EVIP Grant Program.				

County Revenue Sharing and County Incentive Program Appropriations

Changes to the County Revenue Sharing Program in FY 2004-05 that temporarily reduced the State's cost of the program still impact county revenue sharing payments. At that time, revenue sharing reserve accounts were created for counties by accelerating property tax collections. Each county had its own revenue sharing reserve account from which it was allowed to withdraw a designated amount each year. These withdrawals replaced State county revenue sharing payments. As individual counties' reserve funds are exhausted, counties return to the statutory revenue sharing program. The timing of exhaustions of the reserve accounts vary by county based on the relative shares of property taxes and revenue sharing in the county's budget in FY 2004-05. In FY 2012-13, the Department of Treasury projects that 21 counties will continue to draw from their revenue sharing reserve accounts for the entire year and 12 counties will enter the county revenue sharing program during the year. The remaining 50 counties that re-entered revenue sharing in prior years will remain in the county revenue sharing program.

Beginning in FY 2012-13, county revenue sharing payments to the 62 counties that have returned to the State county revenue sharing program (or will return during the fiscal year) will be made from two programs, the county statutory revenue sharing program and the new County Incentive Program. The County Incentive Program was added in FY 2012-13 to replace a portion of county revenue sharing payments. Payments under the incentive program are based on compliance with requirements in the three categories of accountability and transparency, consolidation of services, and employee compensation. These requirements are discussed further below, but largely mirror the requirements under the EVIP.

The FY 2012-13 appropriation for County Revenue Sharing is \$104,480,000 and the appropriation for County Incentive Program is \$26,120,000. These appropriations are shown in [Table 3](#). In total, appropriations for county revenue sharing increased by \$15.6 million or 13.6% over the prior year to \$130.6 million in FY 2012-13. This increase primarily covered the costs of payments to the 12 additional counties that are projected to re-enter the program in FY 2012-13. The county revenue sharing payments under the statutory formula are prorated. The Department of Treasury estimates that full funding of the county revenue sharing program in FY 2012-13 would cost a total of approximately \$171.2 million, which is \$40.6 million higher than the total of county revenue sharing and incentive program funding in FY 2012-13.

Incentive Program Requirements

In FY 2012-13, the three incentive categories remained the same as in FY 2011-12, although changes were made to the specific requirements under some categories. The requirements for accountability and transparency and consolidation of services were each expanded in FY 2012-13 to require additional information and proposals. The requirements for the employee compensation category remained the same as the revised FY 2011-12 requirements included in Public Act 107 of 2012.

Counties were added to the language for each category to reflect the new County Incentive Program. Incentive requirements for counties are the same as for cities, villages, and townships, except in the category for consolidation of services, which has different requirements for local governments in their first year of participation. Payment schedules, however, differ for CVTs and counties and are discussed in the next section. The incentive program requirements for each program are listed below.

Category 1, Accountability and Transparency

To qualify in this category, an eligible CVT or county is required to complete a citizen's guide of local finances that includes recognition of unfunded liabilities, a performance dashboard, and a projected budget report. The budget report is required to include figures for the current fiscal year and the next fiscal year, specify revenues and expenditures, list debt service requirements, and provide an explanation of the assumptions used in making the projections.

The citizen's guide, dashboard, and budget report must be readily available in the municipal office or posted to the public on the internet. Compliance with this category required submitting certification completion of the citizen's guide, performance dashboard, and budget report to the Department of Treasury by October 1, 2012 (or the first day of a payment month for that category) and submission of copies of those documents.

Category 2, Consolidation of Services

Beginning in FY 2012-13, the elements of the consolidation plan vary depending on whether an eligible local government is in its first or second year of participation. For first-time participants (typically counties), the consolidation plan must list previous services consolidated and

estimated cost savings for each consolidation and include one or more new proposals to increase cooperation, collaboration, and consolidation, within the municipality or with other jurisdictions. The plan also is required to include estimated potential savings and a timeline for implementing the proposal. Second-year participants are required to give an update on proposals included in the previous year consolidation plan, report whether the prior proposals were implemented or not, list barriers to implementation of prior proposals, and give a timeline for proposal implementation. Second-year participants also are required to add either one or more new consolidation proposals or submit a detailed explanation of why additional consolidation is not feasible.

Each program participant is required to certify by February 1, 2013, (or the first day of a payment month for this category) that it has produced a consolidation plan and that the plan is readily available for public viewing in the municipal office or on the internet. A copy of the consolidation plan must be submitted to the Department of Treasury.

Category 3, Employment Compensation

Compliance with the employment compensation category is the same for cities, villages, townships, and counties. The requirements remain the same as those in effect for FY 2011-12, as revised by Public Act 107 of 2012, although counties are now included.

Local units have three options for compliance with the employment compensation category:

1. Develop and publish an employment compensation plan that the local unit intends to implement with a new, modified, extended contract or employment agreement. The plan must include specific cost limitations for retirement plans in regard to new hires, maximum multipliers for defined benefit plans, specific limitations on the calculation of final average compensation, and a limitation on the health care premium costs for new hires.
2. Certify that the local unit of government is in compliance with the Publicly Funded Health Insurance Contribution Act, 2011 PA 152. Generally, this requires that the local government certify compliance with health insurance cost containment measures, including the minimum 20% employee contribution or the hard cap on costs.
3. Certify that the city, township, village or county does not offer medical benefits to employees or elected officials.

Certification is due by June 1, 2013 or the first day of a payment month for this category.

Incentive Program Payment Dates

The incentive program payment dates for counties differ from those of CVTs. For CVTs, in FY 2012-13, each category has two payment dates. This means that of the six payment dates during the year, two dates are for each category. For a CVT to receive a payment for a category, compliance must be certified by the certification date or the first day of a payment month for that category. If the certification is not complete by the first day of the payment month, the payment for that month for that category is forfeited. In other words, a CVT cannot receive any payment in a category unless it certifies by the first day of the second (and final) payment month for that category. Table 4 summarizes the payments dates for CVTs. For example, the certification for accountability and transparency was due by October 1, 2012. A city, village, or township that certified by the October 1 certification date received full funding for

that category. A late certification made by December 1, resulted in half payment for that category. Failure to certify by December 1 disqualified the city, village, or township from any payments in that accountability and transparency category.

Table 4

EVIP Payments Schedule for Cities, Villages, and Townships		
Payment on the Last Business Day of:		EVIP Category Paid to CVTs
October	Certify by October 12, 2012	Accountability & Transparency
December	Certify by December 1, 2012	Accountability & Transparency
February	Certify by February 1, 2013	Consolidation of Services
April	Certify by April 1, 2013	Consolidation of Services
June	Certify by June 1, 2013	Employee Compensation
August	Certify by August 1, 2013	Employee Compensation

The payment system for counties allows eligible counties more flexibility to obtain partial payments. As with the prior payment structure for CVTs in their first year in the program, payments will be made for each category each payment month, up until the certification date for the category, whether or not the county has met the requirements. After the certification date, payments will only be made for a category if a county has met all requirements of that category by the first day of the payment month. This allows counties to receive a portion of their incentive payment even if they do not meet the requirements or certify late. EVIP payments to counties are made on the last business day of October, December, February, April, June, and August as shown in Table 5. One-eighteenth of the total payment is available for each category on each payment date. Payments are made automatically up to the certification date. After the certification date, counties must certify prior to the first day of the payment month in order to receive a partial payment for that program. Thus, one-third of the county incentive program payments will not require meeting any incentive program requirements in FY 2012-13.

Sales Tax Earmark for Revenue Sharing

The Glenn Steil State Revenue Sharing Act earmarks 21.3% of the sales tax revenue at a rate of 4% for revenue sharing payments to cities, villages, townships, and counties as provided by

law. If this earmark were effective and formulas were in place, the earmark would allocate slightly over \$1.0 billion in FY 2012-13 for statutory revenue sharing to CVTs and counties. This is \$655.7 million over statutory revenue sharing and incentive program appropriations in FY 2012-13, excluding the competitive grant program and withdrawals from county revenue sharing reserve accounts.

For CVTs, no statutory revenue sharing formula is in place and no appropriations have been made for statutory revenue sharing. If there were a formula and appropriations, the MCL 141.913 earmark to CVTs of 74.94% of 21.3% of sales tax collections at a rate of 4% would result in payments to CVTs of approximately \$757.9 million in FY 2012-13. This is \$532.9 million more than the FY 2012-13 incentive program appropriations for CVTs.

For counties, the statutory allocation of 25.06% of 21.3% of sales tax collections would result in an allocation of an estimated \$253.4 million in FY 2012-13 for statutory revenue sharing. Counties have a statutory revenue sharing formula that refers back to the creation of the reserve funds and the amount received by each local unit of government in FY 2003-04. This formula is not consistent with the sales tax earmark. The total of county revenue sharing and incentive program payments is \$122.8 million under the earmarked amount. This amount is reduced, however, by withdrawals from county revenue sharing reserve funds. The Department of Treasury has estimated the revenue sharing reserve fund withdrawals at \$57.9 million in FY 2012-13. This could be regarded as reducing the difference between the sales tax earmark and available revenue sharing and incentive funding for counties to \$64.9 million.

Estimates by Local Units of Government

Several tables are attached which provide detailed information by local units of government. Attachment 1 shows the statewide totals by type of governmental unit. Attachment 2 lists the payment detail for individual cities, villages, and townships and Attachment 3 provides details for eligible counties.
