

MICHIGAN SENATE

Appropriations Requests for Legislatively Directed Spending Items

Date Submitted: 03/31/2026

1. Sponsoring legislator's full name:

Senator Sam Singh

2. Cosponsoring legislators' names (if applicable):

Sam Singh

3. Intended legislatively directed spending item recipient:

Michigan Primary Care Association HCCTP

4. Physical address of legislatively directed spending item recipient and the intended location of the project or activity:

7217 Westshire Dr, Lansing, Michigan.

5. The recipient's employer identification number:

382294018

6. Requested amount of the legislatively directed spending item:

\$2,000,000.00

7. What is the purpose and how does the legislatively directed spending item provide a public benefit that is an appropriate use of taxpayer money?

The Health Center Careers Training Program (HCCTP) was launched in March of 2022 to train and employ new healthcare professionals using an investment from the Michigan Department of Health and Human Services (MDHHS). Participating health centers receive funding to cover employer costs, including tuition and wages, which avoids prohibitive student loan debt or cost barriers for individuals. The Michigan Primary Care Association is approved by the U.S. Department of Labor to serve as an Intermediary for health centers transitioning their training programs into Registered Apprenticeship Programs. The HCCTP has enabled rural, urban, and tribal health centers to grow local talent and provide economic opportunities within the low-income, and underserved communities where they operate. MPCA is actively exploring new opportunities to build on the program's success by innovating

apprentice-style training within Michigan's health centers. Reinvesting in the Michigan Health Center Careers Training Program (HCCTP) to sustain and expand on the-job training and registered apprenticeship programs that surmount barriers to entering health professions and rapidly grow the workforce needed to meet healthcare needs in Michigan's low-income and medically underserved communities is critical. Permanent funding (\$2 million per year) for the HCCTP program to enable Michigan Health Centers to sustain their newly established training programs for entry-level health careers and grow innovative training program models is critical for providing health care in many communities across the state. The HCCTP has enabled rural, urban, and tribal health centers to grow local talent and provide economic opportunities within the low-income, and underserved communities where they operate.
